SUBJECT: District of Columbia Felony Convictions (2010 – 2015)

The information below is in response to a data request submitted by Richard Schmechel for use by the Criminal Code Revision Project. The felony sentencing data provided is a statistical representation of information related to the D.C. Voluntary Sentencing Guidelines. This data request includes felony sentencing data for offenders sentenced between January 1, 2010 and December 31, 2015. Attached to the email response is an Excel file containing the requested data.

The information contained within in this request includes all of the enhancements entered digitally by the court, and received via the IJIS 12.1 data feed. However, this information does not include the enhancements that may have been entered only as PDF documents displayed in JUSTIS. The Commission staff identified sentences that were above the statutory maximum sentence. When possible, the Commission staff viewed the digital enhancement documents to determine whether a sentencing enhancement was applied. When an enhancement code was specified, the correction was made to the enhancement data element. When the enhancement code was not specified, a value of “unspecified” was added to the enhancement data element.
