SUBMITTED FOR ADVISORY GROUP REVIEW

This Draft Report contains recommended reforms to District of Columbia criminal statutes for review by the D.C. Criminal Code Reform Commission's statutorily designated Advisory Group. A copy of this document and a list of the current Advisory Group members may be viewed on the website of the D.C. Criminal Code Reform Commission at [www.ccrdc.dc.gov](http://www.ccrdc.dc.gov).

Any Advisory Group member may submit written comments on any aspect of this Draft Report to the D.C. Criminal Code Reform Commission. The Commission will consider all written comments that are timely received from Advisory Group members. Additional versions of this Draft Report may be issued for Advisory Group review, depending on the nature and extent of the Advisory Group's written comments. The D.C. Criminal Code Reform Commission's final recommendations to the Council and Mayor for comprehensive criminal code reform will be based on the Advisory Group's timely written comments and approved by a majority of the Advisory Group's voting members.

The deadline for the Advisory Group's written comments on this Third Draft of Report #41, *Ordinal Ranking of Maximum Imprisonment Penalties*, is Wednesday, June 19, 2020. Oral comments and written comments received after this date may not be reflected in the next draft or final recommendations. All written comments received from Advisory Group members will be made publicly available and provided to the Council on an annual basis.

This report presents for Advisory Group comment a third draft of recommendations for the ordinal ranking of the maximum imprisonment penalties for RCC offenses. This is a critical step toward developing recommendations for proportionate imprisonment penalties.<sup>1</sup>

As in prior drafts of this report, draft recommendations are presented in the form of a spreadsheet, below. Rows of the sheet present discrete RCC offenses, offense gradations and offense-specific enhancements. Every RCC offense drafted to-date is listed, by RCC citation and name. Columns of the sheet present, besides the RCC citation and name, a classification and a graphical display of that classification. Classifications range from 1-9 for felonies (over 1 year) and A-E for misdemeanors (1 year or less). For convenience of review, one sheet of the spreadsheet is ordered by the RCC citation, a second sheet of the same data is ordered by the proposed class. **Red highlighting** indicates new classifications added since the second draft, corresponding to recommendations for specific offenses since the second draft.

Please assume offense elements are the same as in the latest RCC draft recommendations when providing comments on this report. See CCRC Compilation of Draft Statutes for the Revised Criminal Code (RCC) (5-18-20) for the latest statutory text. The CCRC appreciates that developing such recommendations requires consideration of a large and complex number of considerations about the overall RCC and sentencing considerations, and that other aspects of the RCC are still subject to change. Nonetheless, assessing draft penalties for RCC offenses as currently drafted is a discrete, achievable, very useful step toward developing final recommendations on penalties.

The present report also includes the maximum statutory imprisonment recommendations for each class that were issued in the First Draft of Report 52 - Cumulative Update to RCC Chapter 6. While there may be proposed changes to those statutory maximums, the present report does not address the Advisory Group comments received. For purpose of this Report, please assume the absolute numbers for penalty classes recommended in the First Draft of Report 52 - Cumulative Update to RCC Chapter 6 are in place.

Comments are sought both on the ordinal ranking of penalty classes for new offenses (highlighted in red) and the absolute numbers for these offenses. The present report includes the maximum statutory imprisonment recommendations for each class that were issued in the First Draft of Report 52 - Cumulative Update to RCC Chapter 6. However, to the extent that the latter approach is taken, comments are particularly welcome on how the penalty for a specific offense should compare to other offenses.

<sup>1</sup> D.C. Code § 3-152(a) (“[T]he Commission shall submit to the Mayor and the Council comprehensive criminal code reform recommendations that revise the language of the District's criminal statutes to: ... (6) Adjust penalties, fines, and the gradation of offenses to provide for proportionate penalties;”).

Please explain the basis of any changes that are suggested in comments on this report. Under separate cover, the CCRC has provided various data sources that you may wish to consider as part of your review and may provide evidence in support of your comments. See: Advisory Group Memo #26 – DC Code Statutory Penalties and Voluntary Sentencing Guidelines; Advisory Group Memo #27 – Public Opinion Surveys on Ordinal Ranking of Offenses; and Advisory Group Memorandum #28 - Statistics on District Adult Criminal Charges and Convictions.

However, the CCRC would particularly welcome other data (e.g. particular District cases) that may aid the agency's efforts to evaluate proportionality. If case information is provided in comments, please provide as much information as possible about the facts of the case, charges, and conviction(s). Often case law addresses only one aspect of a case or criminal conduct and may misrepresent the possible and actual charges, convictions, and sentencing that occurred.

Time permitting, in the coming months the CCRC plans to issue commentary regarding key penalty classifications in this report.

Thank you for your review of these matters.
